

Ahmed khalid kamal

Full Stack Developer (MERN) | Next.js | TypeScript

ahmedokab2002@gmail.com | 01031571508 | [linkedin](#) | [github](#) | [Portfolio](#)

Profile

Frontend-focused MERN Stack Developer with hands-on experience building performant, responsive web applications using React.js and Next.js. Skilled in integrating RESTful APIs, implementing secure authentication, and translating designs into clean, maintainable UI components. Currently working as a Web Development Instructor while taking on freelance full-stack projects, combining technical delivery with mentoring and clear communication

Education

Bachelor of Computer Science and Artificial Intelligence,
Benha University — Information Systems Department
GPA: 3.2 / 4.0

Sep 2020 – Jul 2024

Professional Experience

Web development instructor, [Eyouth](#)

April 2026 – Present
Cairo

- Delivered hands-on web development training sessions focused on JavaScript, React.js, and full-stack development concepts.
- Increased student engagement and technical understanding by simplifying complex programming concepts.

Frontend Developer, [Sporton](#)

Feb 2026 – May 2026
cairo

- Developed scalable frontend solutions for Egyptian athletes using React.js, Next.js, TypeScript, and Tailwind CSS.
- Improved page load performance by approximately 30% through frontend optimization and efficient rendering techniques.

Frontend Developer, Web Master

Jul 2024 – Dec 2024
cairo

- Conducted website performance audits and implemented security improvements to enhance system stability.
- Optimized website responsiveness and frontend performance, reducing UI issues across key pages by streamlining component structure.

Projects

[Sporton — Sports Platform](#)

React.js, Next.js, TypeScript, Tailwind CSS, Framer Motion

- Built responsive and interactive frontend interfaces using React.js, Next.js, and Tailwind CSS.
- Collaborated within a large-scale multi-connector platform that connected athletes with clubs, brokers, institutes, and brands.

[Sity Cloud](#)

Next.js, TypeScript, shadcn/ui, Tailwind CSS

- Developed modern and responsive frontend interfaces using Next.js, TypeScript, and shadcn/ui components.
- Built reusable UI components and scalable frontend architecture for production-ready web applications.

[Edumatek — Educational Platform](#)

Next.js, TypeScript, shadcn/ui, Tailwind CSS

- Developed a full-stack educational platform with secure authentication and role-based authorization systems.
- Built and integrated 20+ RESTful API endpoints for courses, users, and dashboard management.
- [Student Experience System](#)
- [Educational Dashboard System](#)

[Kinder-Link – Nursery Management System](#)

React.js, Node.js, Express.js, MongoDB

- Built a full-stack nursery management system for handling daily operations and administrative workflows.
- Developed dashboards for students, teachers, and administrators with role-based access control and secure authentication

Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Redux Toolkit

Backend Development: Node.js, Express.js, NestJS, RESTful APIs, JWT Authentication

Databases: MongoDB, PostgreSQL, MySQL, Mongoose, Sequelize

Languages

Arabic — Native

English — Intermediate
